Summary

A dedicated and detail-oriented Web Developer with a solid foundation in building modern, full-stack applications. Proficient in Next.js and React, with a strong understanding of database design and API development. Eager to contribute to a collaborative development team.

Education

Modern College of Engineering, Pune (MCOE)	Oct 2024 – Pursuing
Master Computer Application (MCA)	**CGPA:** 7.23
Sinhgad College of Science, Wadgaon Bk (SCOS)	July 2021 – Apr 2024
BBA (Computer Application)	**CGPA:** 8.08

Technologies

Languages: JavaScript, SQL, Python

Technologies: React.js, Next.js, Node.js, PHP, MongoDB, MySql, Git, REST API, SDLC

Projects

Portfolio   July 2025

- Developed and deployed a personal portfolio using Next.js, resulting in a single-page application that showcases skills and projects.
- Implemented Server-Side Rendering (SSR) to achieve faster load times and improve search engine optimization (SEO).
- The project utilizes a particle background and smooth scrolling to provide an engaging user experience.

Real-Time Chat Application   June 2025

- Engineered a real-time chat application using React and Firebase, enabling seamless user authentication and instant messaging.
- Integrated a Firebase backend to handle real-time messaging, including support for text, image, and emoji uploads.
- The project includes components for chat lists, user profiles, and detailed chat views.

Certificate Gallery   April 2025

- Built a full-stack certificate gallery application using Next.js, Node.js, and MongoDB.
- Features include viewing, searching, and downloading certificates, with an admin panel for CRUD operations.
- The project uses a MongoDB database to store certificate metadata and base64-encoded file content.
